Protecting your staff and customers is the responsibility of every employer. By installing the advanced Hand Sanitiser Kiosk Display, employers can play their important part in stopping the spread of infection and improving hygiene.

Society has changed since the COVID-19 pandemic and social distancing measures are being taken to enable us to carry out our day to day activities as well as co-working safely.

Our cloud-based 'Android' Digital Signage platform enables the remote-controlled distribution and playback of digital content (playback of video content, images, HTML web pages, scrolling text messages and social media integration) on single displays or networks of displays, enabling you to target your staff and customers with dynamic, relevant information.

## KEY FEATURES

- Display, schedule and upload branded content and advertisements instantly.
- Revenue uplift from third party advertisements.
- Social media integration and cloud management.
- Opportunity to grab your customers attention for up to 20 seconds whilst sanitising.
- Finance options available.

**HELP YOUR BUSINESS CONFORM WITH THE LATEST HSE, NHS AND WHO GUIDANCE TO  
REDUCE THE SPREAD OF COVID-19.**
